

Contracting & Fees

Mulberry Play Therapy will agree session fees and arrangements for provision prior to commencing work with the school/organisation or directly with the parent/carer/guardian if therapy is being independently funded.

Services provided will be invoiced at the end of each month. If the Play Therapist is unwell or otherwise unable to attend sessions will not be charged. If the Play Therapist is present and a child is absent or the space is not filled, sessions will be charged as usual.

This policy will be reviewed annually.
